ALALI INVESTMENT SPC

Oman's Most Trusted Gateway for Global Suppliers &  
Strategic Partners

# WHO WE ARE

**Alali Investment SPC** is a leading Omani investment and trading company based in Bousher, Muscat. We serve as a strategic bridge between Oman's most prominent government and corporate entities and the world's most reputable international suppliers.

Our expertise spans across ten critical industry sectors, enabling us to deliver end-to-end procurement, supply chain, and project support services. From defense and aviation to renewable energy and marine, we bring global-standard capabilities to every engagement.

With a growing portfolio of trusted brand partnerships and a proven track record with Oman's leading institutions, Alali Investment continues to expand its footprint as a reliable partner for complex procurement and special projects.

## OUR VISION

To stand as Oman's most trusted gateway for global suppliers and customers — connecting the world's finest products with Oman's growing industries.

## OUR MISSION

To deliver excellence in procurement, supply, and project execution across all sectors, with unwavering commitment to quality, compliance, and long-term partnerships.

Incoterms 2020 Compliant · Specialized in **IOR (Importer of Record)** procurement · **Ministry of Defense, RAFO, Royal Navy, Royal Army, ROP** approved supplier · FCA, FOB, CIF delivery expertise

# OUR SERVICES

We deliver end-to-end solutions across Oman's most strategic industries — from procurement and supply to project management and logistics. Our ten service verticals cover the full spectrum of Oman's economic and security needs.

## Defense & Security

Specialized military-grade equipment, tactical gear, and defense procurement solutions for the Royal Armed Forces and security agencies.

## Oil & Gas

Industrial equipment, PWHT systems, pipeline products, and MRO supplies for Oman's energy sector including OQ and upstream operators.

## Aviation

Aircraft MRO parts, ground support equipment, consumables, and technical supplies for RAFO, Oman Air, and MRO partners worldwide.

## Construction & Infrastructure

Heavy machinery, construction equipment, building materials, and project management support for major infrastructure developments in Oman.

## Renewable Energy

Solar, wind, and energy storage equipment supply and project support aligned with Oman Vision 2040's target of 30% renewables by 2030.

## Marine

Marine equipment, drydocking support, vessel maintenance supplies, and maritime technical solutions for the Royal Navy of Oman and ASYAD.

## Printing Solutions

Industrial and commercial printing equipment, consumables, and managed print services for government and corporate clients across Oman.

## Health & Safety

PPE, safety equipment, fire suppression systems, medical consumables, and occupational health solutions compliant with Omani regulations.

## Logistics & General Trading

End-to-end supply chain management, freight forwarding, customs clearance, warehousing, and general commodity trading across all sectors.

## Special Projects & Contracts

Turnkey project delivery, government contract management, BOQ preparation, and specialized procurement for complex, high-value engagements.

## OUR CLIENTS

### Trusted by Oman's Leading Organizations

We are proud to serve Oman's most prestigious government institutions, security forces, and commercial enterprises — delivering quality, reliability, and compliance at every engagement.
